GENERAL INFORMATION

The MCI-East, Camp Lejeune telephone system is a United States Government owned, maintained, and operated telephone system. The telephone system provides official telephone service to Marine Corps Installations East, Marine Corps Base Camp Lejeune, Marine Corps Air Station New River, tenant commands, and other area government agencies. The telephone system also provides unofficial service on a reimbursable basis to contractors and concessionaires working aboard the Base or Air Station, and residents of family quarters at Courthouse Bay. All other private property venture, government-owned quarters are provided service by Century Link. Government owned bachelor quarters aboard the Base or Air Station are provided service by American Warrior Network (Sprint Federal).

CLASSES OF TELEPHONE SERVICE

Class "A" (Official with DSN Access) - Provided for the purpose of conducting official government business. This service provides access to the commercial telephone network and the Defense Switched Network (DSN). Toll charges for official government business are paid for from appropriated funds. This class-of-service can be tailored to meet unique subscriber requirements (e.g. restricted from local commercial and/or long-distance access) on a case-by-case basis. Collect telephone calls will not be accepted on these telephones.

Class "A" (Official) - Provided for the purpose of conducting official government business. This service provides access to the commercial telephone network. It does not provide access to the DSN. Toll charges for official government business are paid for from appropriated funds. This class-of-service can be tailored to meet unique subscriber requirements (e.g. restricted from long-distance access) on a case-by-case basis. Collect telephone calls will not be accepted on these telephones.

Class "C" (Official Restricted) - Provided for the purpose of conducting official government business. Service is restricted to on-base calling. Collect telephone calls will not be accepted on these telephones.

Class "B" (Unofficial) - Provided for the purpose of unofficial use and may or may not have access to the commercial telephone network. Basic service toll charges and long distance are paid from either non-appropriated funds or by individual subscribers. Collect telephone calls will not be accepted on these telephones.

UNOFFICIAL (CLASS "B") TELEPHONE SERVICE

All Class "B" telephone subscribers reimburse the government for telephone service. Telephone service is considered to be provided from the date of installation until such time as a request for termination of service is received by the Telephone Office. Where applicable, reimbursement will include charges for basic service, installation, relocation, reconnection, and long-distance tolls.

Contractors and concessionaires requiring telephone service should report to the Telephone Billing Office, Building 24, telephone number 451-5521 for preparation of a Telecommunications Service Request. To obtain this service, evidence must be provided in the form of a contract or permit issued by the Commanding General, MCI-East or his/her representative that authority has been obtained to operate aboard the Base. Telephone service is provided without guarantee of quantity or quality of service. The Base will not be held liable for any discontinuance or failure in service.

Class "B" telephone subscribers will be billed monthly from DFAS, Cleveland. Subscribers requiring credit adjustments for long-distance calls are requested to contact the Telephone Billing Office at 451-5521. All billable customers are required to pay an Advanced Payment before the beginning of each FY. Payments are made out to the U.S. Treasury, and then mailed to:

MCI East-MCB AC/S G-8

P.O. BOX 9781

Camp Lejeune, NC 28547-9781

Or they are hand-carried to building 8. Failure to pay bill will result in termination of service with an additional reconnection charge. If desired, subscribers may request temporary disconnection of service without removal of the telephone for a period not to exceed three months. Charges for this service will be comparable to the rates established by the North Carolina Public Utility Commission.

Class "B" telephone subscribers will have their telephone accounts cleared prior to vacating quarters or departing the Base. Requests for termination of service should be made in person a minimum of ten working days prior to the desired termination date.

REQUESTS FOR TELEPHONE SERVICE

Requests for official telephone service (e.g. installation, removal, relocation, or special equipment) will be submitted on form MCIEAST-MCB CAMLEJ/G6/TELECOM/1 Telecommunications Service Request (TSR). This form can be found at <https://www.lejeune.marines.mil/Offices-Staff/Telephone/> Once completed, the TSR should be forwarded to the Commanding General, MCIEAST-MCB CAMLEJ (Attn: G6, Telecommunications Support Division) via the respective Telecommunications Control Officer (TCO).

Requests for unofficial (Class "B") telephone service should report to the Telephone Billing Office, Building 24, telephone number 451-5521.

TELEPHONE TOLL CHARGES (OFFICIAL)

All long-distance, toll calls not certified as official will be promptly investigated by the Telephone Control Officer for possible fraud. Telephone fraud is any use of an official telephone for unofficial purposes which results in a charge to the United States Government. Telephone fraud is subject to prosecution according to the Articles governing the Uniform Code of Military Justice and codes governing the Federal Judicial Courts.

MONITORING AND RECORDING TELEPHONE CONVERSATIONS

Except when authorized by statute or regulation or other lawful authority, the use of electronic and mechanical recording devices to intercept and record telephone conversations is forbidden, and such devices will not be procured for attachment to government-owned telecommunications equipment.

Monitoring of telephone conversations by secretaries or other personnel for the purpose of recording appointments, making arrangements, assisting with commitments, and assuring adequate follow-up is permitted only after callers have been notified in advance and have given their approval. Callers must be assured at that time that the monitoring is not accomplished through the use of any electronic or mechanical monitoring devices.

FIELD WIRE PROCEDURES AND RESTRICTIONS

Field wire or any other type of data or voice communications cable will not be placed on utility poles, on any building, or in the way of vehicular or pedestrian traffic.

Telephone service is provided in close proximity of most tactical landing zones/training areas. The using unit is responsible for establishing connectivity between Base Telephone's point-of-demarcation and the field command-post.

MAINTENANCE AND PRESERVATION OF TELEPHONE EQUIPMENT

The MCI-EAST MCB Camp Lejeune telephone system is maintained and operated by the Telecommunications Support Division, G-6. No person, other than an authorized member of Telecommunications Support Division, shall service, install, relocate, remove, or interfere with any item or facility of the MCI-EAST MCB Telephone System. Unauthorized tampering with base telephone equipment can damage the network, disrupt service to other subscribers, and may result in termination of service to the offending party.

Digging, excavating, driving posts or pilings along roads or within inhabited areas in the vicinity of pole lines or underground cables is prohibited without prior approval and utility location. For approval and to request telecommunications cable locates call 451-2531/3100.

SYSTEM FEATURES

The features that are available from the telephone switch are dependent on the Number Class of Service (NCOS) of your telephone number and mission need. Unless stated, features must be requested by Telephone Service Request.

-- DEFINITION OF TERMS --

Dial Tone - A continuous tone must be present before using some features.

Access Code - A three-character code required to access available features, (normally * and 2 digits)

Confirmation Tone - Consists of three bursts of dial tone.

Hook Flash - Accomplished by depressing the hook switch (button used to hang up the telephone) for approximately one second.

-- FEATURES --

CALL TRANSFER - Allows user to transfer an incoming call to another telephone number within Camp Lejeune.

To activate - After receiving the call, hook flash and dial the number desired. After hearing ring, you may stay on the line to announce the call or you may hang up.

CALL FORWARD, ALL - Allows all incoming calls to be immediately diverted to another number, within Camp Lejeune.

To activate - Listen for dial tone, dial *71, after receiving confirmation tone, dial desired number to receive your calls, wait for second confirmation tone, hang up. To cancel, listen for dial tone, dial *72, hang up. NOTE: Users with Voicemail should not Call Forward to a number without Voicemail.

CALL FORWARD, BUSY - Allows all incoming calls to be immediately diverted to another number when your phone is busy. (Not available with voice mail).

To activate - Listen for dial tone, dial *94, after receiving confirmation tone, dial desired number to receive your calls, wait for second confirmation tone, hang up. To cancel, listen for dial tone, dial *95, hang up. NOTE: Users with numbers in a Hunt Group should not use Call Forward Busy or Call Forward No Answer as the settings for the Hunt Group will take precedence over Call Forward Busy or Call Forward No Answer.

CALL FORWARD, NO ANSWER - After three rings, if not answered, allows incoming calls to be diverted to another number. (Not available with voice mail).

To activate - After receiving dial tone, dial *96, listen for confirmation tone, dial desired number to receive your calls. To cancel, listen for dial tone, dial *97, hang up. NOTE: Users with numbers in a Hunt group should not use Call Forward Busy or Call Forward No Answer, as the settings for the Hunt group will take precedence over Call Forward Busy or Call Forward No Answer.

CALL PICKUP - Allows you to answer a ringing telephone in your call pickup group from your telephone.

To activate - Listen for dial tone, dial *76.

RING AGAIN - When the number you are calling is busy, you may request a callback. This will last for 15 minutes and can only be used within Camp Lejeune.

To activate - When receiving a busy signal, hook flash, after receiving confirmation tone, dial *79. To cancel callback early, listen for dial tone, dial *79.

SYSTEM FEATURES

VOICE MAIL - Available on a limited basis upon request.

THREE WAY CALLING - Allows three-way conversations.

To activate - While first call is in progress, hook flash get second dial tone. Dial third party, once they answer, hook flash and begin talking.

CONFERENCE PROGRESSIVE - Allows you to control access to a conference call. Conferees may exit at any time.

To activate - Listen for dial tone, dial *84, after receiving confirmation tone, dial desired number. Once the called party answers, hook flash to bring the called party onto the bridge (you will hear a tone and the called party should still be there). Hook flash again and you will receive confirmation tone indicating the switch is ready for you to call a second party. Repeat procedure for each member. Hook flash, if you receive a busy signal or no answer, hook flash and dial *85.

CALL HOLD - Allows you to place one call on hold while you place/answer another call, and upon completion, return to the original call.

To activate - Hook flash and listen for dial tone, dial *99, after receiving confirmation tone, receive or originate another call. To return to the original call, hook flash.

LAST NUMBER REDIAL - Allows the user to redial the last number that was called from that line.

To activate - Listen for dial tone, then dial *73 or press the number sign (#) twice.

SPEED CALLING - (Maximum 10 Numbers) - Frequently called numbers can be assigned to a speed calling code number.

To activate - Listen for dial tone, dial *81, after receiving confirmation tone, dial speed code (numbers #0 thru #9) and number desired. After each number is entered, you will receive confirmation tone.

To place call - Dial only the associated speed call number (i.e. *0-*9).

MALICIOUS CALL TRACE - If an individual receives a malicious or threatening phone call, follow the below listed procedures:

Remain calm and **DO NOT** hang up your phone. Keep the caller engaged and collect as much information about the caller and threat as possible.

- a. If another desk phone is available, immediately pick up the receiver of that phone and dial *57, the 7 digit phone number receiving the threat call and hang up once the acceptance dial-tone is heard. From the same secondary phone, alert PMO at 451-2555 or dial 911 and inform them that you have received a threat call, the time that you received the call and that you initiated the Malicious Call Trace procedure.
- b. If no other phone is available, initiate a hook-flash (or press the "FLASH" button if available) and dial *57, the 7 digit phone number receiving the threat call, and press the hook-flash (or "FLASH" button) to return to the call.
- c. If the call is received on a VoIP phone, press the "conference" or "transfer" softkey, dial *57, the 7 digit phone number receiving the call, and return to the malicious call by pressing the active (flashing) call appearance.
- d. Always follow your unit SOP for Threatening Calls Reporting and Response. Military Law enforcement investigators will follow up with the investigation process.

PERMANENT HOLD - Allows you to place one call on hold until you return to that call.

To activate - Hook flash and listen for second dial tone, dial *99, listen for confirmation tone, then hang up the phone. To return to the call placed on hold, pick up the phone and dial *99 and continue.

ON/OFF NET INFORMATION

On/Off-Netting interconnects the Defense Switched Network (DSN) with a local or long-distance commercial network. This service enables users to call an on/off-net DSN switchboard and complete a call to another party via a combination of DSN and commercial connectivity. A partial listing of DSN Selected Listings on pages 98-99 and on/off-net switchboards is available on pages 100-101. On/off-Net calls are permitted under the following circumstances:

Official Calls: Official on/off-net calls are only permitted for emergency conditions with national security implications or for exceptional circumstances specifically authorized by a Commander in Chief, Chief of a Service, or director of a defense agency to all locations served by a DSN on/off-net switchboard. However, on/off-netting at the distant end is at the discretion of the local commander and may be prohibited due to operational requirements, local restrictions, or host-nation laws and agreements.

Health, Morale, and Welfare (HMW) Calls: DSN may be used to place HMW calls from or to OCONUS isolated or remote geographic locations because of non-availability of acceptable commercial services. Use of DSN for off-net HMW calls is governed by Department of Defense (DOD) Directives and must be approved by the appropriate Commander in Chief (CINC). Deploying commands should ascertain whether the CINC of the area they are deploying to have approved such calls and coordinate with Base Telephone prior to deploying. If CINC approval has not been granted or cannot be determined prior to deployment, deploying commands should report approval and request HMW off-net patches by message as soon as they determine that the appropriate CINC has approved them. HMW calls from deployed or OCONUS locations will be placed by dialing DSN: 312-751-6262. No off-net HMW call will incur a toll charge to the government even if the intent is to reimburse the government. HMW calls from CONUS locations will be extended in a bona-fide emergency only. See MCIEAST-MCB CAMLEJ Order 2305.5.
