Jim Swartzenberg, Community Co-Chair
Neal Paul, Installation Co-Chair / IR Division Director
Laura Bader, RAB Community Member
Sandi Lane, RAB Community Member
Tracey DeBow, RAB Community Member
Rich Mullins, RAB Community Member
Rick Raines, Camp Lejeune, EMD/IRD
Thomas Burton, Camp Lejeune, EMD/IRD
Tom Morris, Camp Lejeune, EMD/IRD
Dave Lown, NC DENR, Superfund Section

Welcome and Introductions (Mr. Neal Paul)

Old Business

Review of the meeting minutes from April RAB meeting on the Web site.

Updates

Site 89 - The status of the Time Critical Removal Action (TCRA) phases and the funding were explained. (Mr. Rick Raines)

- TCRA moving forward with test burns and emission testing.
- Fencing completed.
- Installation of aeration pond/fountain underway.

Site 3 – Soil Removal (Mr. Rick Raines)

- EPA Region IV determined creosote contaminated soil is a hazardous material.
- Soils will be removed and treated on site until creosote levels

reach

non-hazardous status.

- Treated soil will be disposed in Base landfill.
- Backfill material from Camp Geiger biocell will be used for

backfill.

Solid Waste Management Units (SWMU)

- Interim Measures planned for three SWMUs.
- Include soil removal at two SWMUs and battery/soil removal at

new

SWMU.

New Business

- New IRP sites (Mr. Tom Morris)
 - Investigating all former Base Motor Transport Facilities and Dry Cleaning Facilities due to association with chlorinated solvent contamination.
- Environmental Baseline Surveys (Mr. Tom Morris)
 - Tarawa Terrace EBS required prior to leasing Base property for development of new housing units.
 - Old Hubert Fire Tower EBS required to sell/donate property to Onslow County Parks & Recreation.
 - Verona Loop EBS required to sell property to State for Highway 17 extension project.
- Kate Landman leaving (Mr. Rick Raines)
 - Asked for contributions for gift.
- New battery site in French Creek barrow pit (Mr. Rick Raines)
 - New battery dump located near Sneads Ferry Road soil borrow pit will be treated under SWMU program due to manufacturing date on batteries.
 - Questions raised as to responsibility/liability.
 - Response to questions indicated that investigation into liability for the dumping was not planned.
 - Project initiated to remove batteries and associated soil in August-September time frame.

Conclusion

Site 89 Tour at next RAB meeting.
Next meeting scheduled for 1 August 2000.

Meeting Adjourned (8:30 p.m.)
