Welcome and Introductions

Old Business

- Review of the final June meeting minutes and the draft August minutes. (Mr. Neal Paul)

Updates

- Site 84 - Building 45 (Mr. Tom Morris)

Building has been demolished
Gravel piles to be sampled and then disposed of properly
Installing fence around building with visual barrier fabric weaved into the fence
Will address entire site in Remedial Investigation

- Site 85 – Battery Removal (Mr. Tom Morris)

Waiting for authorization to dispose of batteries prior to removing them
Korean and Vietnam era batteries

- Site 3 – Soil Removal (Mr. Rick Raines)

EPA changed policy for listed hazardous waste going to a landfill
Creosote soil is listed hazardous waste and must go to a Subtitle C Landfill
Examining options

- Onsite stabilization
- Variances on remediation levels
- Recalculate our remediation goals based on site specific data verses the conservative standard set by the State

Working with the "Partnering Group" to reach consensus on course of action
we will take

- RAB/DoN questionnaires – please fill out and return (Mr. Tom Morris)

- RAB Web Pages (Mr. Rick Raines)

On EMD's webpage due to security
Names of RAB members listed on homepage of RAB website
RAB brochure on website
Will post RAB meeting minutes on website
Description of CERCLA, UST, and RCRA programs
Links to contractors and EPA

- RAB Brochures (Mr. Neal Paul)

Have plenty of RAB brochures left
Setting up tours for CCCC due to calls from community who have seen the
brochure
Please take holders and more brochures to put into community

- ATSDR health study (Mr. Neal Paul)

ATSDR is sending out 3600 letters to former residents of Camp Lejeune
Public Affairs office are receiving 20-40 calls per day on this issue
Putting together one-page synopsis of facts to present to concerned parents
Health effects are yet to be determined
Already been approximately 4 claims against government which will be potential
lawsuits
Need RAB to be conduits to the community to let them know about the study
RAB members will get copy of the fact sheet

- FY00 Spending Plan (Ms. Kate Landman)

Passed out spending plan for what contracting will be done at Camp Lejeune during FY00

Every year start with a plan then rearrange plan for new projects and superseding projects

Will look for extra funding from outside sources in addition to rearranging priorities for items on the list

- 5 Year Review (Ms. Kate Landman)

First 5-year review document produced in August

CERCLA requires 5-year review of remediation implementation from RODs

Anything that requires continued management requires a 5-year review

Requires physical site visit and inspection to ensure remedies are protective and no construction or other use is interfering with the selected remedy

New Business

- None

Meeting Adjourned (8:30 p.m.)
