GENTEXT/REMARKS/1. This MARADMIN implements travel restriction guidance contained in reference H and cancels MARADMINs 162/20, 167/20, and 193/20 (references D, E, and F). This MARADMIN modifies and reissues timelines set forth in those MARADMINs consistent with the SECDEF Memo (reference H), and should be closely reviewed. DC M&RA will provide clarifying guidance via SEPCOR on matters related to assignments, EAS/ECC/RECC, entitlements, and allowances impacted by the COVID-19 response actions.

1.A. Background.

1.A.1. Reference E directed a 60-day CONUS stop movement until 11 May 2020. Reference F directed a 60-day OCONUS stop movement until 24 May 2020. Reference H cancels previously issued DoD travel guidance and directs stop movement for domestic and international travel until 30 June 2020, in order to limit the continuing spread of COVID-19. SECDEF will review this policy every 15 days to determine if travel can resume earlier than 30

June 2020.

2. Mission. The Marine Corps will implement the guidance provided in reference H to protect the force while continuing the mission of the Corps.

3. Execution.

3.A. Commander's Intent.

3.A.1. Purpose. Promulgate updated CMC guidance to the force for CONUS and OCONUS travel restrictions to prevent the spread of COVID-19.

3.A.2. Method. No Change.

3.A.3. End State. No Change.

3.B. Concept of Operations. The Marine Corps will institute the guidance contained in this MARADMIN, and comply with the movement restrictions contained herein.

3.C. Tasks.

3.C.1. Effective immediately, this MARADMIN extends the ongoing travel restrictions for domestic and international travel to 30 June 2020, unless rescinded or further extended. All Marines and Marine Corps civilian personnel and their sponsored family members not under the responsibility of a U.S. Chief of Mission will comply with this MARADMIN, subject to the exemptions and waivers described herein.

3.C.2. This MARADMIN applies to all official travel, including temporary duty (TDY) travel, government-funded leave travel, permanent duty travel, including Permanent Change of Station (PCS) travel, and travel related to Authorized and Ordered Departures issued by the Department of State (reference I). It also includes personal leave and non-official travel for uniformed personnel outside the local area (Marines are only authorized local leave and liberty).

3.C.2.A. Civilian personnel are strongly encouraged to avoid personal leave outside the local area. Upon return from approved leave outside the local area, civilian personnel may be asked to telework or exercise leave options as appropriate.

3.C.3. Exemptions. Personnel in the following circumstances are exempt from these travel restrictions:

3.C.3.A. Travel associated with recruiting and accessions activities, to include basic training, advanced individual training, and follow-on travel to the first duty station. Accordingly:

3.C.3.A.1. Marines within the entry level training pipeline (including enlisted/officer lateral moves) between basic training (e.g., Recruit Training and Officer Candidate School) and their first or subsequent (lateral move) permanent duty station (PDS) will continue movement to their PDS.

3.C.3.A.2. Officer students and officer commissioning program Marines in receipt of orders to The Basic School (TBS), schools, or universities will continue movement per their orders.

3.C.3.C. Such travel to execute Operations, Activities, and Investments or Service-related training will be coordinated between the Combatant Command, the Joint Staff, and HQMC PP&O. In accordance with current policy guidance, specific GFM activities will be handled through normal GFM processes and procedures in coordination with COMMARFORCOM and DC, PP&O (PO/POC/F). All GFM scheduled deployments/redeployments of U.S. Navy vessels and embarked units and personnel is authorized, provided they are in-transit and have met the 14-day restriction of movement requirements outlined in reference G and any applicable subsequent guidance.
